SUMMARY

Dedicated and self-motivated engineering student with hands-on experience in web application development and frontend design. Proficient in Java programming and full stack development concepts with strong knowledge of responsive UI development, version control using GitHub, and modern web technologies. Eager to contribute technical skills and creativity in software development roles.

EDUCATION

Bachelor of Engineering / Technology

2023 – 2027

Vel Tech High Tech Dr.Rangarajan Dr.Sakunthala Engineering College

CGPA: 7.65

SKILLS

Languages: Java, JavaScript, Python, SQL

Web Technologies: HTML, CSS, Bootstrap, React JS, Node JS

Database: MongoDB, MySQL

Tools: Git, GitHub, VS Code

PROJECTS

Personal Portfolio Website

2026

Tech Stack: React JS, HTML, CSS, JavaScript, Vercel

- Developed and deployed a fully responsive personal portfolio website to showcase technical skills, projects, certifications, and professional profiles.
- Designed modern and interactive user interface components using React JS with responsive layouts compatible across desktop, tablet, and mobile devices.
- Implemented smooth navigation, animated sections, and structured project displays to improve user experience and website accessibility.
- Integrated professional profile links including GitHub, LinkedIn, and coding platform accounts for better networking and project visibility.
- Optimized website performance, loading speed, and responsiveness using reusable React components and efficient frontend development practices.
- Managed source code using Git and GitHub for version control and collaborative development workflow.
- Successfully deployed the application on Vercel for fast and reliable hosting with continuous deployment support.

CERTIFICATIONS

- NCC C Certificate
- Web Development
